💡 What Parents Need to Know

Is this worth it?

For the cost of reactive indemnity insurance—the kind that only shows up *after* something happens, with a check but never real help—you're giving your student:

- A professional security team that knows their city
- 24/7 access to English-speaking help
- The ability to send someone in person if things go wrong
- Peace of mind for you

Insurance reimburses. We respond.

	Without GPS	With GPS Student Safety Passport
Emergency number in Europe	"Wait, is it 911 or 112?"	One button. Done.
Lost at 2 AM	"Who do I call?"	Hotline picks up immediately.
Need a hospital	Searching Google frantically	App shows the nearest one instantly.
Serious situation	"I'm on my own."	We send someone to help.
